

MasterBatemans Bay HHH

Where sobriety in moderation is tolerated

The Get a Grip Hash

Trash Volume: 11, N° 4 Or 5

Run Number: 126 Oct 2016
Weather: Fairly good for spring.
Hair: **Likealottapuss**
Run Report: See below
Score: About 7.

A smallish but very high quality pack mustered at the Surf Brach barbecue spot to start the run. First problem: some sod has removed the barbecue and no-one had bought any fire sticks. Or these blokes.

Then on to the start whereupon **Doggy Bag** absconded with a couple of sets of car keys in her haste to leave for the barby. Somehow this was rectumfried and the whole group managed to be reunited at Pacific Street where the world's shortest, seated, circle was conducted and the snags were attacked. I think that is the end.

NEXT RUN

RUN 127

When: Sat 4 Nov 2016 at 4pm Eastern Standard Daylight Saving time
Where: Merinda Place Malua Bay
Hair: **Infallible**

Note: Due to it being not long after United Nations Day and in accordance with a tradition invented somewhere else; this run will be a **World Peace Through Beer** run. This is not highly complicated (at least for us) and will involve mainly finding some beer from another country - possibly a poverty stricken and warlike place - so that we can make a contribution to its economic and social advancement - and World Peace - by consuming some of its export quality beer. Next year we might do a tshirt as well.

So a quick alternative plan was hatched. The barby would be at **Likealotta's** joint after then run and circle. **Just Mark** would be the chef.

With the details settled, **Infallible** led the pack off on a merry chase around the foreshore and into the hills and hollows around Surf Beach. **Hoof Hearted** almost kept up the pace, with **Juicy Fruit** and **Likealotta** there or thereabouts and RA in Perpetuity until someone takes over **Captain Pugwash** lurching along on the rear echelon.

Doggy Bag, **Sticky Date**, **Tainted Love** and **Come Dancing** sauntered more regally along a walking trail until all arrived more or less simultaneously at the same time at a pleasant cove for a much needed and refreshing shandy. And a bit of goss.
