

MasterBatemans Bay HHH

Where sobriety in moderation is tolerated

The Get a Grip Hash

Trash Volume: Loud until curfew.

Run Number: 134, June 2017.

Weather: Coastal

Hairs: **Captain Pugwash**

Run Report: See below

Score: Quite generous. See below.

(This report has been provided by a modest Special Correspondent in the absence of the normal rapporteur. Also, apparently there was a run in May but what went on the run stayed on the run and will remain forever lost in the mists of thyme.)

Now read on....

Pugwash with able assistance from **Sir Pository** set an exquisite run*, with a little bit of everything, the weather perfect, with a hearty assemblage, as most of the uncouth hashers where elsewhere.

The run report was delivered by that well known raconteur **Hoof Hearted** who was rendered speechless by the magnificence of the run and graciously awarded a 97.87.

Tomakin was circumnavigated in a clockwise fashion with a delectable aperitif pause at the boat ramp.

Just Sandra an innocent young lady, **Likealotta** press ganged into attending was welcomed as a virgin hasher. The returneeees (and they presumably know who they are) were rewarded, some obscure charges levelled, but there was a fire bucket, round which the circle dragged on for about 15 minutes.

After the fire bucket sitting around, all reappeared at the famous Tomakin Club bistro for dinner and drinks for those who had insufficient earlier.

It appears that the karaoke komenced, the less said about this development probably the better, but I will persist in the hope that history is recorded faithfully.

Sir Pository starred as a combination of Michael Bauble and Benny Hill, some warped members attempted Time Warp, **Likealotta's** backflip

leaving the stage impressed the judges. All in all a great hash night.

Special request from the RA: Who has the rooting & routing award? And are they ever likely to turn up again?

*Not sure who is the best judge of that. (Ed)

NEXT RUN:

WHEN: Saturday 1 July 2017 at **3pm**

WHERE: TBA

HAIRs: TBA

AFTERS: We'll get back to you on that as well. (You may note there is a change from previous advice of a venue in Congo but this appears to have fallen in a hole as the leisure consultant in question has had a better offer. Or something.)

RUN AFTER THAT:

WHEN: Saturday 5 August 2017 at **3pm**

WHERE: 137 Litchfield Circuit Long Beach NSW

HAIR: **Gobbles and CountHerFeet**

AFTERS: Officially designated as house ~~wrecking~~-warming for the new residence. Probably pot luck. TBA. If you can't figure out the numbering system it looks like this.

As this date does not coincide with and is adjacent to the City to Surf run it might just work.

AND AFTER THAT:

We dunno yet but September 2 looks like a good dat.
